

Advantage Nursing *Quarterly Education Program*

Nursing facilities are highly regulated and now more than ever, regulations are constantly changing. To ensure your facility is in compliance before the next state survey, or before the state unexpectedly shows up, preparation and practice are key. We can provide the fundamentals for a strong foundation in basic wound care as well as customize ongoing education to meet your facilities specific needs.

Our Wound Care Specialist Nurse Educators serve as an ongoing clinical resource for all staff, including CNAs, RNs, LVNs, DONs, and Administrators.

Quarterly Education Incorporates

- ✓ **Quarterly In-Service on any topic in wound care**
- ✓ **Plan of Correction guidance**
- ✓ **Wound Care Workshops and Skills labs**
- ✓ **Nationwide Comprehensive Wound Care Seminars**
- ✓ **Competency Checks**
- ✓ **F 686 Guidance**
- ✓ **PDPM Wound Care Training**

**CEU Contact hours awarded
with Certificate of Completion**
